Alexandria® Limitless Library Bundles

Alexandria and our partners have teamed up to create a powerful platform that promotes library advocacy with bundled services that make your library the central hub of the learning experience.

We're giving you a single-purchasing-source to streamline your procurement process, and opening up your library to **LIMITLESS Access, Engagement, Discoverability and Connectivity!**

Sharing the common goals of innovating EdTech and facilitating the evolution of learning, we came together to each contribute a vital piece of the puzzle. Our **Limitless Library Collection Enrichment Bundle** includes the Data Enhancement bundle and an annual $1,000 voucher for any products and services offered by Gumdrop Books!
